Polaris Private Equity Fund II (“Polaris Fund II”), managed by Polaris Capital Group Co., Ltd. (“Polaris”), has today acquired 30% of the voting shares of MYLAND Real Estate Co., Ltd. (“MYLAND”), an existing home broker leader specializing in a low price range, through a subscription for new shares of MYLAND. Polaris will manage MYLAND together with Mr. Yasujiro Okano, the founder of MYLAND, and OGI Holdings Co., Ltd.

MYLAND established its presence in all 46 prefectures in Japan within 2 years from its inception in 2010 and gained a top class market share of the existing home market in Japan. MYLAND focused on affordably priced existing properties to capture stable demands of first-time buyers and such strategy was proved to be effective in a current deflationary market environment. As a result, MYLAND has achieved a rapid growth

Polaris intends to help MYLAND execute its growth strategies by providing expertise and connections which Polaris has built through the experiences of various investments to date. The management of MYLAND will be delegated to the existing managers, but Polaris plans to send in several directors and officers, enhance financial capability and provide other supports to MYLAND.

Through such supports, Polaris aims to have MYLAND secure a leading position in the industry with customer base expansion and advanced business administration system and enhance its enterprise value for an initial public offering in a couple of years.
